

03 Planetary Mixer Series

Ordinary Planetary Mixer

Main Characteristic

Suitable for playing cake, cream, fillings, little dough etc., also can mix dough. Three-speed, the speed is fast, the amount of bubbles into multiple, uniformity, the cake has a high swell rate on reliable and durable, full of power. baking. Using a star gear, belt driving, lower noise and strong rotating force Taiwan imported motor.

Model	EMPM-10	EMPM-15	EMPM-20	EMPM-30	EMPM-40
Voltage	220V	220V	220V	220V	220V
Power	500W	600W	1100W	1250W	2000W
Output	1Kg	1.5Kg	5Kg	6Kg	8Kg
Dimension(mm)	450*370*600	470*420*630	530*410*780	570*450*780	600*630*1060
N/G Weight	43/48Kg	46/51Kg	62/73Kg	72/81Kg	72/81Kg

Luxury Planetary Mixer-A Style

Main Characteristic

Suitable for playing cake, cream, fillings, little dough etc., also can mix dough. Three-speed, the speed is fast, the amount of bubbles into multiple, uniformity, the cake has a high swell rate on reliable and durable, full of power. baking. Using a star gear, belt driving, lower noise and strong rotating force Taiwan imported motor.

Model	EMPM- 10AS	EMPM- 15AS	EMPM- 20AS	EMPM- 30AS	YKP- 40AS
Voltage	220V	220V	220V	220V	220V
Power	600W	600W	1100W	1100W	1300W
Volume (L)	10	15	20	30	45
Dimension(mm)	410*530*800	460*590*860	460*610*930	550*630*980	610*700*1180
Net Weight(Kg)	61	65	85	90	165
Capacity (Kg)	3	4	6	6	10
Rod Speed(R/Min)	118/234/460	118/234/460	118/234/460	118/234/460	125/204/430

Luxury Planetary Mixer-L Style

The Planetary mixer using the latest technology, Not only has the sleek design, and the machine internal gear used car engine gear design (material processing) are durable, lube oil imports advanced, the head of internal anti-oil plate design with a unique (patent design), enabling the operation of machinery nose inside each gear can be fully lubricate the gears longer life.

2) The planetary mixer with super Motor, Taiwan technology, horsepower, with three different accessories to provide you with a full range of mixing function, whether it is whipped cream, hummus, mashed potatoes, egg, and so on. You can save time and energy in the most successfully completed.
